Winter Session February 2019! The **Business Entrepreneurial Stewardship Training Mobile Accelerator Program (M-BEST)**; is a 4-week Project-Centric, Professional-Action-Competency, Mobile Device-Based Course. Combining our unique expertise with Centro Community Partner's Business Planning Tool mobile app and curriculum, each participant (Enterpriser) will commit to building the organization of their company (project) and to gain basic understanding of their financial statements to research and analyze, for their Business Plan. Additionally, Enterprisers will then be coached for appropriate capital access and creditworthiness for seed capital at minimum \$2,600 up to \$50,000 for business operation and implementation. The BEST Mobile Accelerator Program is ideal for 21st Century on-the-go entrepreneurs. Centro Community Partners and Bethel LA CDC are truly great community partners. Through the generosity of our sponsors, we have begun to use Centro's Business Planning Tool mobile app, facilitator's guide, audio books and online courseware to help our underserved entrepreneurs take the next step in launching their dream business.

What Can Seed Or Early-Stage Capital Do For Your Business Venture?

Need working capital to finance inventory? Or maybe you need to cover operations expenses for six months while building your customer database? It is a well-documented and published fact that access to capital is the number one barrier to growth and development of most entrepreneurs and businesses. The purpose of a business accelerator is to prepare the business owner for the next life-cycle in their venture by eliminating or overcoming the early-stage capital access barriers. The BEST "Mobile Accelerator" program focuses on the "essentials" of the business and encourages the Enterprisers to "know their numbers": via financial capacity, value creation, equity, financial stewardship; and how to source funding for their venture.

A Program For Business Owners and Entrepreneurs Who Need Flexibility

The Centro Business Planning Tool mobile app series provides instruction and insight facilitating the use of hands-on knowledge, networking, experiences, skill-set and passion for realizing a vision or dream to own a successful business. The conferences are complimented with One2One Coaching with scheduling flexibility, over a 4-month period to grow your business and the opportunity to access up to \$50,000 in working capital to set your venture on course for success-after-success. All enterprisers who complete the program will have an opportunity to raise capital for their business. Enterprisers receive guidance to obtain the most appropriate financial resources available for building their business venture.

Program Features and Benefits

Business Plan and Capital Access Opportunity

Is your business in need of working capital to grow to the next stage of development? The **Business Entrepreneurial Stewardship Training (BEST) Mobile Accelerator** Program is completed in multiple-sessions over a 4-week period. The Mobile Accelerator is a Project-Centric, Professional-Action-Competency, Mobile Device Course which may be accessed through both tablet or mobile devices.

The program is especially designed for the on-the-go 21st Century entrepreneur in a mobile age; one who is committed and focused on growing a business venture. Using the Centro Business Planning Tool App, the Mobile Accelerator is virtual and accessible from anywhere globally. One2One Coaching meetings may be scheduled at your convenience for either face-to-face in Los Angeles, California Area; or remote via telephone-conference, Skype, Google Hangout or Facebook Messenger.

This program is delivered both live and remotely; and accessed via tablet and smartphone devices. Register now to reserve your Executive Chair today for our Winter 2019 Session.

Each registered Enterpriser is required to attend every scheduled Live Conference or Webinar Meeting and to meet all program assignments to demonstrate competency and completion criteria in order to qualify for capital access resources for business growth.

Once your Registration is confirmed, protocols for your Executive Chair and instructions for the Log-In Account for Online Course Resources will be forwarded immediately via e-mail.
